2024/0629/P	Mr Jack Elliott	26/04/2024 13:31:10	COMMNT	<p>I live next door to these proposed works. There are party wall issues to be sorted out between us but I would also highlight the sheer number of building projects already taking place in the short section of Falkland Road between Leverton Street and Lady Margaret Road - currently there are six and this project will make seven. Some have going on for months (in one case for years) and major building works have just started at number 24, so my property will be sandwiched between building sites for the next few months.. And each project on the street involves noise, inconvenience and constant suspension of residents' parking for which privilege we pay Camden Council.</p> <p>I would also note that at the time writing this form can not be accessed via computer, only via mobile phone. Constant server error.</p>
