Informative(s):

- 1 The site is a grade-I-listed railway station of 1852 by Cubitt that makes a positive contribution to the King's Cross St Pancras Conservation Area.

The applicant wishes to merge two retail units in the modern mezzanine insertion and carry out a shop refit.

Only modern fabric will be affected.

Any works other than those specifically shown in the consented drawings are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, and further listed building consent may be required.

The proposed works will not harm the special interest of the listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. Historic England has issued a letter of flexible authority ratified by the secretary of state. The site's planning history has been taken into account in making this decision.

Particular attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
