Mr Fowler

I would like to express my support for the above application on Shaftesbury Avenue.

You Me Bum Bum Train occupied a building of ours on Charing Cross Road (the old Foyles Bookshop) in 2015 and 2016 whilst we awaited planning permission from Westminster City Council.

They produce unique interactive theatre which is in truth quite extraordinary and help to keep a temporarily redundant building and area vibrant and safe.

They certainly generate a really positive vibe amongst the public and as a charitable organization draw on huge support from and for local businesses, celebrities and residents and importantly employ a huge number of up and coming actors in the process.

I'm certain that they will contribute hugely to the east side of Shaftesbury Avenue during their occupation.

Yours sincerely
