Description
Please describe details of the proposed development or works including any change of use
The proposed development comprises a mansard roof extension, featuring two dormer windows on the front and one on the rear elevation.  Additionally, it incorporates two roof lights at the rear, along with an external door and a recessed terraced area on the rear elevation.  Moreover, inclusive design features such as stair lifts and tip-up seats within the internal arrangements leading up to the proposed top roof extension are included. Furthermore, the proposal will introduce greening through vegetation planting at the rear parapet.

Explanation for Proposed Demolition Work
Why is it necessary to demolish all or part of the building(s) and/or structure(s)?
The need for remedial works on the existing roof presented an opportunity for the applicant to propose a solution that aligns aesthetically with the historical context. This involved re-galvanizing suitable materials that maintain coherence with the surrounding context. This specific applicant seeks to extend the roof to accommodate their expanding family. They are enthusiastic about integrating sustainable and innovative design concepts, lightweight structure that not only adhere to British standards but also surpass building regulations. Additionally, they aim to incorporate best practice technical design principles, introduce environmentally friendly greening considerations, implement passive ventilation techniques, and ensure inclusive design and future-proofing for ambulant users with mobility considerations.

The neighbouring property at 8 Wilmot Place, which is the semi-detached dwelling linked to 9 Wilmot Place, has expressed a desire to construct a mansard roof on their portion of the upper storey to align with the plans put forth by the applicant. Amenity Local Plan Policy A1 seeks to protect the amenity of Camden's residents by ensuring the impact of development is fully considered. It seeks to ensure that development protects the quality of life of occupiers and neighbours by only granting permission for redevelopment that would not harm the amenity of neighbouring residents. This includes privacy, outlook, daylight, sunlight and noise. CPG Amenity provides specific guidance with regards to privacy and outlook. Given the size, scale and sitting of the proposal, it is not considered that it would cause any significant loss of light, privacy or outlook to any neighbouring properties surrounding the site. There are no windows on any neighbouring buildings which would be unduly affected and it is not considered that it would result in any significant overshadowing or loss of outlook from neighbouring sites. Overall, any external amenity effects associated with the proposed works would likely be acceptable. It is likely that a proposal of this size would be determined under delegated powers, however, if more than 3 objections from neighbours or 1 objection from a local amenity group is received the application will be referred to the Members Briefing Panel should it be recommended for approval by officers.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
