2024/1488/P	South Hampstead Flood Action Group	18/05/2024 14:22:23	OBJ	<p>The proposal will mean the loss of green space in a front garden in an area that has suffered from very serious flooding three time in less than 50 years.</p> <p>Given there will be more frequent and worse rainstorms because of climate change, Camden Council must do everything possible to preserve and extend the green spaces in this area.</p> <p>The proposal will also result in the loss of car parking spaces in a street where it is already difficult to find residents' parking spaces. (There are more residents who have parking permits than spaces available in Goldhurst Terrace.)</p>
