Dear Martin

As long as the council give approval then we have no objection.

Regards

To Stephen Samuel

Dear Stephen

I would like to replace the rear window in my flat, 11B, in order to improve insulation and replace the wooden sill.

I have had a preliminary conversation with Camden Council Planning with a view to replacing 'like for like' with a different material. This would require their consent as we are in a conservation area. I attach the specification for an aluminium window which I believe would meet their requirements.
