Dear Sir/Madam,

Application ref: 2024/1661/T

I should like to object to the proposal to fell a tree in front garden of 142 Haverstock Hill and to remove the stump.

It is widely acknowledged that cities need trees and that their removal degrades the environment in general and in particular causes problems with loss of water absorption.

An individual problem in this case is that the removal of tree and stump is likely to destabilise the wall on its uphill side, that which divides 142 Haverstock Hill from my property at 148 (there being no 146). If this happens, I suppose that I shall have to take measures.

Yours faithfully,

(Dr Barbara Brend
