What was the original application type?

Full planning permission

For the purpose of calculating fees, which of the following best describes the original development type?

Householder development: Development to an existing dwelling-house or development within its curtilage

Other: Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Creation of additional rooms within existing footprint of basement, widening of approved lightwell across rear face of the building and insertion of one additional opening from basement to lightwell.

Please state why you wish to make this amendment

Trial holes have revealed the deep basement walls continue around the house. It is intended to make use of this space to enlarge/extend the approved existing usable rooms. The footprint of the existing basement will not require to be extended to form these rooms. Widening the lightwell will allow more natural light into the basement but in keeping the approved depth the same will not impact the neighbours.
