2024/0452/P	Brian Gascoigne	29/05/2024 16:18:33	OBJ	<p>These houses have no foundations, the bottom bricks rest straight onto the clay. Every basement changes the flow of water through the clay, causing cracks in the neighbouring houses. This happened with underpinning no. 24 some years ago.</p> <p>Building a basement is a hostile neighbourly action, not to mention the lorries and dust.</p>
