Details of the pre-application advice received

This application is a resubmission of Planning application 2018/2672 in 2019. It was not possible to commence work during the Pandemic lockdowns in 20-21 and in the period immediately following. The client is now ready to commence fitting the new windows and cladding but needs to reapply in accordance with condition 1. of the original 2019 permission.

The 2019 permission received wide local support and was also supported by the case officer as follows, "Reason 1. for the granting of permission considers the proposal acceptable, that it would preserve and enhance the character and appearance of the conservation area and that it would not cause harm to neighbouring amenity. There were 9 letters of support for the application and it was considered in general accordance with Camden Local Plan 2017 policies G1, A1, D1 and D2, the London Plan 2016 and the NPPF 2019."
