Dear Sirs

Re: Applications ref. 2024/1078/P and 2024/1186/L, Hampstead Police Station'

I have worked in Hampstead for many years and write in support of the above application for the proposed redevelopment of the former Hampstead Police Station and Magistrate's Court building.

I wholeheartedly support the proposed redevelopment which will create of mixed-use scheme that includes a blend of commercial office space, a private medical provider, and private residential apartments.

I am firmly of the opinion that all of these facilities will be of significant benefit to those who live or work in Hampstead.

Yours sincerely

Colin Nahon
