2024/2311/P	Leandro Veltri	08/06/2024 09:53:25	PETITNOBJ E	This proposal was submitted in 2016, approved in 2018. Before its expiration in 2020, fake evidence of initial work was submitted to "prove" that construction had started, but it is 2024 now and nothing has ever been built. I live across the street and have photos to show that. The proposing landlord is simply keeping this granted proposal as an option to profit when they can find buyers for these multi-million penthouses. Planning permission should be withdrawn based on their fake evidence and the fact that NOTHING, NOT A SINGLE BRICK has been erected since its approval in 2018.
