About your observations

When making your observations please consider the impact the proposals will have on the character and appearance of the conservation area. This will usually be related to physical changes but can include use of buildings. The character and appearance of the conservation area is set out in the conservation area statement it may be useful to refer to it to support your comments.

Please choose one

No objection

Do you have any comments or consider that the proposal is harmful to or does not preserve the character and appearance of the conservation area?

We do not object to this application since it follows many others which have been supported. We would make the observation however that the new glazed side cheeks of the rear dormer may be very hard to clean.

Do you want to attach any files?

No
