IMPORTANT NOTES:

1. Do not scale to ascertain dimensions.
2. All dimensions to be checked and verified on site prior to commencement of work.
3. This drawing is to be read in conjunction with the specification and associated drawings.
4. This detail is a guideline only, representing typical detailing conditions and illustrate the correct application of the above Bauder System. It may be necessary to modify this detail to suit specific project design constraints and conditions.
5. Refer to the Bauder Specification for the product description and method of application. For clarity the method of attachment has not been shown.
6. Provision should be made by the installer for mechanically fixing the top leading edge of all upstand details in excess of 250mm in height using appropriate fasteners.
