

## **Verification of application Evidence**

The information in your application (i.e. work, dates, uses, grounds) must be sufficiently evidenced (e.g. with plans/drawings, declarations/affidavits/registrations, bills/receipts/invoices) to allow the Local Authority to verify it. If you cannot provide such evidence, please state why this is the case.

We current don't have evidence of the proposed works. The aim is to render the external wall and paint it white. Thereby also improve the insulation of the house. If you approve the proposed works, we will start the procurement process and receive quotes from various accredited firms.
