

Side extension with glazed wall and roof, supported off cranked steel frames.

Insulated cavity wall with flat timber roof; restrained by horizontal steelwork.

Solid 9" brickwork garden wall off RC retaining wall stepped to suit slope of existing garden - refer to drawing 914_18.

New carpentered timber roof with dormer windows and low profile rooflights.

Raise existing 9" solid brickwork.

Existing window openings with flat brick arches retained.

Remove brickwork aprons at rear elevation to form full height openings with juliet balconies.

Cantilevered steelwork balconies.

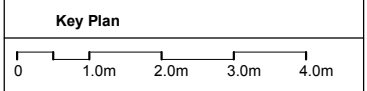

Solid 9" brickwork garden wall off RC retaining wall stepped to suit slope of existing garden - refer to drawing 914_18.

Steel beams at head of glazed opening.

Mass concrete strip footing to single storey glazed rear extension.
