

SUPPLEMENTARY PLANNING INFORMATION

Project

106 Fleet Road
London
NW3 2QX

Date

25 | 05 | 24

SITE

106 Fleet Road
London
NW3 2QX

DESCRIPTION

Installation of a new roller shutter and a redesigned illuminated sign in a similar style to the existing

EVALUATION

The addition of the shutter and new signage is to the front of the existing shopfront. These works are in order to increase the security of the site and the visibility from the street. The works will not be affecting any locally listed buildings, period features or distinctive attributes. In terms of access, these additions have no effect in blocking, hindering or aiding access to or from the building.

PROPOSAL

The proposal is to add new signage to the shopfront of approximately 1023mm x 1835mm in size to aid the existing retail unit. A product data sheet is attached to this document.

Every effort has been made to ensure that the positioning and location has been chosen to least effect the external appearance of the building and existing properties.

Photos of the proposed shopfront are attached below for reference.
