LL435\_P1\_(00)\_100 P2; L435\_P2\_(00)\_100 P2; LL435\_P2\_(00)\_110 P2.

Reason: To comply with Section 70(1)(a) of the Town and Country Act 1990 as amended, for the avoidance of doubt and in the interest of proper planning.

### 3 Section Plan

Condition: A plan showing the physical extent of the two Sections that make up the Phoenix Place development shall be submitted to the Local Planning Authority prior to any works commencing on the site.

Reason: For the avoidance of doubt and in the interests of proper planning.

### 4 Phasing Plan

Condition: A phasing plan of the two Sections that make up the Phoenix Place development shall be submitted to the Local Planning Authority prior to and works commencing on the site.

Reason: For the avoidance of doubt and in the interests of proper planning.

### 5 Archaeology

Condition: No development shall take place until the applicant (or their heirs and successors in title) has:

A) Secured the implementation of a programme of archaeological investigation in accordance with a Written Scheme of Investigation which has been submitted by the applicant and approved by the Local Planning Authority in writing.

The archaeological investigation shall be thereafter be carried out in accordance with the approved Written Scheme of Investigation approved under Part (A).

B) The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the approved Written Scheme of Investigation approved under Part (A), and the provision made for analysis, publication and dissemination of the results and archive deposition has been secured.

Reason: Heritage assets of archaeological interest are expected to survive on the site. The planning authority wishes to secure the provision of appropriate archaeological investigation, including the publication of results. In the interests of protecting archaeological remains in accordance with policy 7.8 of the London Plan (Consolidated with Alterations since 2011), policy CS 14 of the London Borough of Camden Core Strategy 2010 and policy DP26 of the London Borough of Camden Development Policies.

## 6 Site/Land Contamination

Condition: Prior to the commencement of work for each Section of development or such other date, or stage in development as may be agreed in writing by the Local Planning Authority, a scheme including the following components to address the risks associated with site contamination shall each be submitted to and approved in writing by the Local Planning Authority:

- a] a preliminary risk assessment which has identified all previous uses; potential contaminants associated with those uses (including asbestos, landfill gas, groundwater contamination); a conceptual model of the site indicating sources, pathways and receptors; and potentially unacceptable risks arising from contamination at the site;
- b) a site investigation scheme based on (a) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site;
- c) the results of the site investigation and detailed risk assessment referred to in (b) and, based on these, in the event that remediation measures are identified to be necessary, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken;
- d) a verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (c) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Each Section of the development shall be carried out strictly in accordance with the relevant risk assessment, site investigation, options appraisal, remediation strategy and verification plan so approved, and no change therefrom shall take place without the prior written consent of the Local Planning Authority.

Any investigation and risk assessment must be undertaken in accordance with the requirements of the Environment Agency's Model Procedures for the Management of Contamination (CLR11). In the event that additional significant contamination is found at any time when carrying out the approved development it must be reported in writing immediately to the local planning authority.

For the avoidance of doubt, this condition can be discharged on a Section by Section basis.

Reason: Previous industrial and/or commercial activities at this site may have resulted in contaminated soils and groundwater. The underlying groundwater is vulnerable to pollution and potential contamination must be investigated and a risk assessment carried out to determine impacts on the water environment and to protect future occupiers in accordance with policies 5.14 and 5.21 of the London Plan (Consolidated with Alterations since 2011) and policy CS5 of the London Borough of Camden Core Strategy 2010 and policy DP26 of the London Borough of Camden Development Policies 2010.

## 7 Piling Method Statement - Thames Water

Condition: No impact piling shall take place on the relevant Section until a piling method statement (detailing the type of piling to be undertaken and the methodology by which such piling will be carried out, including measures to prevent and minimise the potential for damage to subsurface water infrastructure, and the programme for works) has been submitted and approved in writing by the Local Planning Authority in consultation with Thames Water.

Any piling must be undertaken in accordance with the approved piling method statement.

This condition can be discharged on a Section by Section basis.

Reason: The proposed works will be in close proximity to, and has the potential to impact upon underground water utility infrastructure. Potential contamination must be investigated and a risk assessment carried out to determine impacts on the water environment in accordance with policy 5.21 of the London Plan (Consolidated with Alterations since 2011), policy CS5 of the London Borough of Camden Core Strategy 2010 and policy DP26 of the London Borough of Camden Development Policies 2010.

## 8 Water Supply - Thames Water

Condition: Development shall not be commenced on the relevant Section until Impact studies of the existing water supply infrastructure have been submitted to, and approved in writing by, the Local Planning Authority (in consultation with Thames Water). The studies should determine the magnitude of any new additional capacity required in the system and a suitable connection point. The development shall be carried out in accordance with the Impact studies and connection point details so approved.

This condition can be discharged on a Section by Section basis.

Reason: To ensure that the water supply infrastructure has sufficient capacity to cope with the additional demand in accordance with policy 5.15 of the London Plan (Consolidated with Alterations since 2011) and Policy DP23 of the London Borough of Camden Development Policies 2010.

## 9 SUDS

Condition: Development shall not be commenced until a detailed surface water drainage scheme for the site, based on the agreed Flood Risk Assessment (FRA) prepared by Waterman Transport and Development, presented in Appendix 14.1 of the Environmental Statement, dated April 2013, has been submitted to and approved in writing by the Local Planning Authority. The scheme shall subsequently be implemented in accordance with the approved details prior to practical completion, shall be maintained as such thereafter and no change therefrom shall take place without the prior written consent of the Local Planning Authority. The scheme shall include a restriction in run-off and surface water storage on site as outlined in the FRA. The run-off from the site should be reduced to no more than 71 l/s for the 1 in 100 year storm event.

Reason: To prevent the increased risk of flooding, to improve and protect water quality, and improve habitat and amenity in accordance with policy 5.13 of the London Plan (Consolidated with Alterations since 2011), policy CS13 of the London Borough of Camden Core Strategy 2010 and policy DP23 of the London Borough of Camden Development Policies 2010.

#### 10 Basement Excavation

Condition: The relevant Section of the development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

This condition can be discharged on a Section by Section basis.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with policy 7.6 of the London Plan (Consolidated with Alterations since 2011), policy CS14 of the London Borough of Camden Core Strategy 2010 and policy DP27 of the London Borough of Camden Development Policies 2010.

#### 11 Sound Insulation (between uses)

Condition: Full particulars and details of a scheme for sound insulation between the commercial and residential uses of blocks A & C shall be submitted to and approved in writing by the Local Planning Authority prior to superstructure works commencing on that part of the development.

The sound insulation and noise control measures shall be carried out strictly in accordance with the details so approved, shall be implemented prior to the first occupation of the development hereby approved, shall be maintained as such thereafter and no change therefrom shall take place without the prior written consent of the Local Planning Authority.

Reason: To secure an appropriate internal residential environment and to protect the amenities of the occupiers of the residential accommodation in accordance with policy 7.15 of the London Plan (Consolidated with Alterations since 2011) and policy DP28 of the London Borough of Camden Development Policies 2010.

#### 12 Materials

Condition: Details of facing materials including samples shall be submitted to and approved in writing by the Local Planning Authority on a Section by

Section basis prior to any super structure works commencing on that Section. The details and samples shall include:

- a) 1:50 elevations of all entrances (residential, office, flexible use) to include doors, sections, elevational and threshold treatments, all to be shown in context and to a scale of 1:50.
- b) brickwork including buff, red and brown coloured with varied mortar colours (including brick panels and mortar courses);
- c) cladding panels;
- d) window treatment (including sections and reveals);
- e) roofing materials;
- f) louvered treatment to substations;
- g] glazing;
- h) balustrading treatment (including sections);
- i) any other materials to be used.

An elevational mock-up of external materials to be used in blocks A, B, C and D shall be erected on site and shall be approved in writing by the Local Planning Authority prior to any works commencing on blocks A, B, C or D.

The development shall be carried out strictly in accordance with the details, samples and elevational mock-up so approved, shall be maintained as such thereafter and no change therefrom shall take place without the prior written consent of the Local Planning Authority.

This condition can be discharged on a Section by Section basis.

Reason: In the interests of securing sustainable development and to ensure that the resulting appearance and construction of the development is of a high standard in accordance with policies 5.3, 7.4, 7.5 and 7.6 of the London Plan (Consolidated with Alterations since 2011), policy CS14 of the London Borough of Camden Core Strategy 2010 and policy DP24 of the London Borough of Camden Development Policies 2010.

### 13 Landscaping

Condition: No super-structure works on the relevant Section shall take place until full details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the Local Planning Authority. Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved. The information submitted shall accord with or be reflected in the equivalent details included within lighting strategy details and CCTV / Security Lighting details to be discharged by condition.

This condition can be discharged on a Section by Section basis.

Reason: To enable the Local Planning Authority to ensure a reasonable standard of visual amenity in the scheme in accordance with the requirements of policies 5.3, 5.10, 5.11, 7.2, 7.5, 7.19 and 7.21 of the London Plan (Consolidated with Alterations since 2011), policy CS14 of the London Borough of Camden Core Strategy 2010 and policy DP24 of the London Borough of

14 Revised Phoenix Place treatment

Condition: Notwithstanding the approved plans, no super-structure works on any Section shall take place until full details of the revised treatment of Phoenix Place (the road) have been submitted to and approved by the Local Planning Authority. Such details shall include section plans, inclusive design assessment, materials, planting, and street furniture. Any requirements in terms of the proposed TfL quietway shall also be set out, in consultation with Transport for London and the Local Planning Authority. The works shall not be carried out otherwise than in accordance with the details thus approved. The information submitted shall accord with or be reflected in the equivalent details included within landscaping plans, lighting strategy details and CCTV / Security Lighting details to be discharged by condition.

Reason: To enable the Local Planning Authority to ensure a reasonable standard of visual amenity, inclusive design and highways safety in accordance with the requirements of policies 6.9, 7.2, and 7.5 of the London Plan (Consolidated with Alterations since 2011), policies CS6, CS11 and CS14 of the London Borough of Camden Core Strategy 2010 and policies DP17, DP24, DP29, and DP31 of the London Borough of Camden Development Policies 2010.

15 Privacy Screens / Glazing Scheme

Condition: Prior to superstructure works commencing on the relevant Block(s), details of privacy screens / obscure glazing or other design features to prevent or minimise overlooking between flats located within, and with views towards / between:

- a. The facing elevations at the northern ends of Block A
- b. The facing elevations between Blocks B and C;

shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out strictly in accordance with the details so approved and shall be maintained as such thereafter.

Reason: In the interest of neighbouring residential amenity and to ensure that the resulting development does not give rise to undue privacy or overlooking issues in accordance with policy 7.6 of the London Plan (Consolidated with Alterations since 2011), policy CSS of the London Borough of Camden Core Strategy 2010 and policy DP26 of the London Borough of Camden Development Policies 2010.

16 Roof Level Structures

Condition: Prior to superstructure work commencing on the relevant Section, details of any roof-level structures (including like over-runs, flues/extracts and photovoltaic panels) shall be submitted to and approved in writing by the Local Planning Authority on a section by section basis.

The details shall include a justification for the height and size of the roof-level

structures, their location, height above parapet, specifications and cladding.

The development shall be carried out strictly in accordance with the details so approved and no change therefrom shall take place without the prior written consent of the Local Planning Authority. No roof-level structures shall be installed other than those approved.

Reason: In the interests of good design and also to ensure that the Local Planning Authority may be satisfied that any roof-level structures do not have a harmful impact on the surrounding streetscene or the character and appearance of the area in accordance with policies 3.5, 7.4, 7.6 and 7.8 of the London Plan (Consolidated with Alterations since 2011), policy CS14 of the London Borough of Camden Core Strategy 2010 and policies DP24 and DP25 of the London Borough of Camden Development Policies 2010.

#### 17 Air Quality - residents exposure

Condition: Prior to superstructure work commencing on the relevant Section, a report detailing measures to minimise the exposure of the development's future occupiers to air pollution with details for a ventilation strategy shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out strictly in accordance with the measures so approved, and shall be maintained as such thereafter, unless otherwise approved in writing by the Local Planning Authority.

This condition can be discharged on a Section by Section basis.

Reason: To ensure residents' exposure to pollution is minimised in accordance with policy 7.14 of the London Plan (Consolidated with Alterations since 2011) and policy DP32 of the London Borough of Camden Development Policies 2010.

#### 18 Sound Insulation (glazing)

Condition: Prior to superstructure work commencing on the relevant Section, a scheme setting out the 'glazing sound insulation performance' for each octave band centre frequency, to demonstrate that 'good' to reasonable internal noise levels (BS8233) will be achieved shall be submitted to and discharged in writing by the Local Planning Authority. The assessment shall address predicted temporary and permanent noise levels generated from the sorting office and the Calthorpe Street development site.

This condition can be discharged on a Section by Section basis.

Reason: To ensure an acceptable level of residential amenity in accordance policy 7.6 of the London Plan (Consolidated with Alterations since 2011), and policies DP26 and DP28 of the London Borough of Camden Development Policies 2010.

#### 19 19 Cycle Storage / Facilities (full details)

Condition: Details of the layout, design and appearance of the bicycle storage

areas shall be submitted to and approved in writing by the Local Planning Authority prior to any superstructure works commencing on the relevant Section. The provision shall comprise at least 275 residential occupier cycle spaces with the southern Section comprising building A and at least 156 residential occupier cycle spaces with the northern Section comprising buildings B, C & D, 36 residential visitor spaces and 7 commercial occupier spaces) shown on the approved drawings as set out in condition 2 above, and end of trip cyclist facilities. The approved cycle storage / facilities shall be provided in full within each Section prior to the first occupation of the relevant use within that Section, and thereafter retained, unless otherwise approved in writing by the Local Planning Authority.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of policy 6.9 of the London Plan (Consolidated with Alterations since 2011), policy CS11 of the London Borough of Camden Core Strategy 2010 and policy DP17 of the London Borough of Camden Development Policies 2010.

## 20 20 Waste Storage Details

Condition: Before development on the relevant Section commences, details of the location, design and method of waste storage and removal (including recycled materials) shall be submitted to and approved by the Local Planning Authority. The details shall include the layout, design and appearance (shown in context) of the dedicated refuse / recycling enclosure(s).

The development shall be carried out and operated strictly in accordance with the details and waste management strategy so approved. The physical enclosures shall be provided/erected prior to the first occupation of any residential or commercial unit within that Section and shall be maintained as such thereafter.

This condition can be discharged on a Section by Section basis.

Reason: To ensure the necessary physical waste storage to support the development in accordance with policy 5.16 of the London Plan (Consolidated with Alterations since 2011), policies CS5, CS7 and CS18 of the London Borough of Camden Core Strategy 2010 and policies DP12, DP26, DP28 of the London Borough of Camden Development Policies 2010.

## 21 Green/Brown Roofs

Condition: Full details in respect of the green / brown roof in the areas shown on approved drawing LL435\_MP\_(00)\_P114 P3 shall be submitted to and approved by the Local Planning Authority before the relevant Section of the development commences.

The biodiversity (green/brown) roof(s) shall be:

- a] biodiversity based with extensive substrate base (depth BO-150mm);
- b) laid out in accordance with plans hereby approved; and
- c) planted/seeded with an agreed mix of species within the first planting season

following the practical completion of the building works (the seed mix shall be focused on wildflower planting, and shall contain no more than a maximum of 25% sedum.

The biodiversity (green/brown) roof shall not be used as an amenity or sitting out space of any kind whatsoever and shall only be used in the case of essential maintenance or repair, or escape in case of emergency.

The buildings shall not be occupied until the approved details have been implemented and these works shall be permanently retained and maintained thereafter.

This condition can be discharged on a Section by Section basis.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies 5.3, 5.10, 5.11 and 7.19 of the London Plan (Consolidated with Alterations since 2011), policies CS13, CS15 and CS16 of the London Borough of Camden Core Strategy 2010 and policies DP22, DP23 and DP32 of the London Borough of Camden Development Policies 2010.

## 22 Bird / Bat Boxes

Condition: Details of bird and bat nesting boxes / bricks to enhance local populations of Biodiversity Action Plan priority species shall be submitted to and approved in writing by the Local Planning Authority prior to any superstructure works in relation to the relevant Section commencing on site. The details shall include the exact location, specification and design. The boxes / bricks shall be installed with the development prior to the first occupation of the building to which they form part or the first use of the space in which they are contained. The nesting boxes / bricks shall be installed strictly in accordance with the details so approved, shall be maintained as such thereafter.

This condition can be discharged on a Section by Section basis.

Reason: To ensure the development contributes towards creation of habitats and valuable areas for biodiversity in accordance with policy 7.19 of the London Plan (Consolidated with Alterations since 2011) and policy CS15 of the London Borough of Camden Core Strategy 2010.

## 23 Lighting Strategy

Condition: Prior to the commencement of development (excluding works of demolition, site clearance and the erection of temporary structures) within the relevant Section, full details of a lighting strategy, to include information about potential ecological impacts, relating to the relevant Area, shall be submitted to, and approved in writing by the Local Planning Authority. The approved lighting strategy relating to the relevant Area shall thereafter be fully implemented prior to the first occupation of accommodation within that Area.

Reason: To safeguard the appearance of the premises and the character of the immediate area, to protect the amenity of current and future occupiers from light pollution and to ensure compliance with the protection of possible habitats in accordance with policies 7.3, 7.5, 7.13 and 7.19 of the London Plan (Consolidated with Alterations since 2011), policies CSS, CS14 and CS15 of the London Borough of Camden Core Strategy 2010 and policies DP24 and DP26 of the London Borough of Camden Development Policies 2010.

Reason: In the interests of pedestrian security, to secure passive surveillance, to secure an appropriate street/public realm frontage and appearance, and to prevent the creation of dead/inactive frontages in accordance with policies: 7.1, 7.3, 7.4, 7.5 and 7.6 of the London Plan (Consolidated with Alterations since 2011), policies CS5 and CS14 of the London Borough of Camden Core Strategy 2010 and policies DP24 and DP30 of the London Borough of Camden Development Policies 2010.

41 Boundary treatments - permitted development rights removed

Condition: Notwithstanding the provisions under Part 2 of Schedule 2 of the Town and Country Planning (General Permitted Development) Order 1995, or any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order, the erection, construction, improvement or alteration of a gate, fence, wall or other means of enclosure within the site shall not be carried out without the grant of planning permission having first been obtained from the Local Planning Authority.

Reason: To safeguard the visual amenities of the area and to prevent over development of the site by controlling proposed extensions and alterations in order to ensure compliance with the requirements of policies 7.3 and 7.5 of the London Plan (Consolidated with Alterations since 2011), policies CS5 and CSJ4 of the London Borough of Camden Core Strategy 2010 and policies DP24 and DP26 of the London Borough of Camden Development Policies 2010.

42 Code for Sustainable Homes

Condition: The residential accommodation hereby approved shall achieve a Code for Sustainable Homes (2010) rating of no less than Level 4.

Reason: In the interest of addressing climate change and to secure sustainable development in accordance with policies 5.1, 5.2, 5.3 and 5.9 of the London Plan (Consolidated with Alterations since 2011), and policy DP22 of Camden Council's Development Policies 2010.

43 Water Consumption

Condition: The residential part of the development shall be designed to achieve a water use target of no more than 105 litres per person per day, including by incorporating water efficient fixtures and fittings.

The above water use target shall apply to all tenures within the development's residential parts.

Reason: To ensure the sustainable use of water in accordance with policy 5.15 of the London Plan (Consolidated with Alterations since 2011) and policy DP23 of the London Borough of Camden Development Policies 2010.

#### 44 Car Parking Provision

Condition: The relevant Section shall not be occupied until the whole of the car parking provision for that Section (as shown on the approved drawings and as amended by the approval of details reserved by condition no.31 above) is provided. Thereafter the whole of the car parking provision shall be retained and used for no purpose other than for the parking of vehicles of the occupiers and users of the development.

Reason: To ensure that the use of the premises does not add to parking pressures in surrounding streets, in accordance with policy 6.13 of the London Plan (Consolidated with Alterations since 2011), policy CS5 and CS11 of the London Borough of Camden Core Strategy 2010 and policy DP26 of the London Borough of Camden Development Policies 2010.

#### 45 Noise levels (from plant)

Condition: Noise levels at a point 1 metre external to sensitive facades shall be at least 5dB(A) less than the existing background measurement (LA90), expressed in dB(A) when all plant/equipment (or any part of it) is in operation unless the plant/equipment hereby permitted will have a noise that has a distinguishable, discrete continuous note (whine, hiss, screech, hum) and/or if there are distinct impulses (bangs, clicks, clatters, thumps), then the noise levels from that piece of plant/equipment at any sensitive facade shall be at least 10dB(A) below the LA90, expressed in dB(A).

Reason: To ensure that the development does not have an undue adverse impact on nearby residential amenity or business operations in accordance with policy 7.15 of the London Plan (Consolidated with Alterations since 2011), policy CS5 of the London Borough of Camden Core Strategy 2010 and policies DP26 and DP28 of the London Borough of Camden Development Policies 2010.

#### 46 Limit on amalgamation of commercial units

Condition: In the event that the flexible ground floor units within Block A are occupied by A1, A2 or A3 uses, no two units (as laid out on the approved drawings) shall be amalgamated or further subdivided unless prior agreement in writing is provided by the Local Planning Authority. Units 2 and 3 are exempt from this condition.

Reason: To encourage occupation by small and independent shops, in accordance with policy 4.9 of the London Plan (Consolidated with Alterations since 2011), policy G7 of the London Borough of Camden Core Strategy 2010 and policy DP10 of the London Borough of Camden Development Policies 2010.

47 Restriction of uses permitted within D1 and D2 use classes

Condition: Notwithstanding the provisions of Classes D1 and D2 of the Schedule of the Town and Country Planning (Use Classes) Order, 1987, or any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order, any D1 or D2 use of the approved flexible use commercial units shall not comprise any of the following uses:

- i. Place of worship
- ii. music hall
- iii. concert hall;
- iv. dance hall

Reason: In the interest of protecting the future residential amenity of the development hereby approved in accordance with policy 7.15 of the London Plan (Consolidated with Alterations since 2011), policies CS5 and CS10 of the London Borough of Camden Core Strategy 2010 and policies DP26 and DP28 of the London Borough of Camden Development Policies 2010.

48 Removal of Permitted Development Rights

Condition: Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development) Order 1995 (as amended) or any Order revoking and re-enacting that Order, no development within Part 2 (Classes A-C) of Schedule 2 of that Order shall be carried out without the grant of planning permission having first been obtained from the Local Planning Authority.

Reason: To safeguard the visual amenities of the area and to prevent over development of the site by controlling proposed extensions and alterations in order to ensure compliance with the requirements of policy 7.16 of the London Plan (Consolidated with Alterations since 2011), policy CS14 and CS5 of the London Borough of Camden Core Strategy 2010) and policies DP24 and DP26 of the London Borough of Camden Development Policies 2010.

49 Ad hoc apparatus

Condition: No lights, meter boxes, flues, vents or pipes, and no telecommunications equipment, alarm boxes, television aerials or satellite dishes shall be fixed or installed on the external face of the buildings, without the prior approval in writing of the Local Planning Authority.

Reason: To ensure that the resulting appearance and construction of the development is to a high standard, and to ensure that the development is in accordance with policies 3.5, 7.4 and 7.6 of the London Plan (Consolidated with Alterations since 2011), and policy CS14 of the London Borough of Camden Core Strategy 2010.

50 Landscaping (maintenance)

Condition: All hard and soft landscaping works shall be carried out to a reasonable standard in accordance with the approved landscape details prior to the occupation for the permitted use of the relevant Section. Any trees or

areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonable possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Local Planning Authority gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a satisfactory standard of visual amenity in the scheme in accordance with the requirements of policies 5.3, 5.10, 5.11, 7.5, 7.9, 7.19 and 7.21 of the London Plan (Consolidated with Alterations since 2011), policy CS14 of the London Borough of Camden Core Strategy 2010 and policy DP24 of the London Borough of Camden Development Policies 2010.

#### Informative(s):

##### 1 Reasons for approval.

Condition 46 of permission 2023/1357/P restricted the further subdivision or amalgamation of the ground floor flexible units within Block A when in A1, A2 or A3 use without prior agreement from the Local Planning Authority. This condition was appended to the original permission to encourage occupation of the units by small, independent businesses.

The applicant has come in to seek agreement from the Council to exclude units 2 and 3 from this condition so that they may be amalgamated. Units 2 and 3 have not been let since completion, and the marketing evidence provided is deemed sufficient to support the case for the merging of these two units in this location where footfall is not high. Units 1 and 4 would be retained as smaller units. On this basis, the relevant variation of condition 46 of planning permission 2013/3807/P dated 30/03/2015 is considered acceptable.

Overall, the ability to divide and amalgamate units 2 and 3 without prior consent from the Local Authority is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers considering the change is relatively modest and the amalgamated unit would still fit well within the range of unit sizes available.

The proposal is also not considered to change the nature and character of the development, wider area nor reduce business employment. The proposed uses would not result in any significant change to servicing requirements and there should be no significant or adverse impacts upon the efficiency of the highway.

The full impact of the scheme has already been assessed under the parent application. The site's planning history has been taken into account when making this decision.

As such, the proposed development is in general accordance with policies A1, TC2, TC4 and TC5 of the Camden Local Plan 2017. The proposed development also accords with the Policy E4 of the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at [www.camden.gov.uk](http://www.camden.gov.uk)) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
