Description of the Proposal

Please note in regard to:

- Fire Statements From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. <u>View government planning guidance on fire statements</u> or access the fire statement template and guidance.
- **Permission In Principle** If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or <u>view government planning guidance on determination periods</u>.

Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

Ambassadors Theatre would like to build a temporary structure within the properties boundary line on Tower Court.

With the opening of The Curious Case of Benjamin Button the Musical, the Production and venue would like to provide better hospitality opportunities to patrons utilising the space on Tower Court. Being a small venue and Grade II listed, inside the venue it is limited on what we can achieve and the venue is keen to move forward with industry requirements.

A temporary lockable structure will be built on Tower Court along the venue side at around 12 meters in length and 2.5 meters in height. The production is set in a Cornish fishing village so the design will be wooden to provide a nod to the show but all designs are very sympathetic to the area the venue is in and the surrounding buildings. This space will also be accessible. None of the structure will be outside venue boundary lines to ensure an over 2 meter walkway is still maintained on Tower Court in line with local authority guidance. When closed the structure will have a metal shutter that is pulled down and locked to secure the space. The venue already has 3 CCTV cameras covering the space that will not be effected by the temporary structure to ensure monitoring of the area is maintained. The space will be alarmed and monitored as is the case with the venue currently. For the roof of the structure materials will be used to prevent public from gaining access and will be maintained and monitored by venue staff.

Although the space is to give the idea of a Cornish pub, it will not run as a pub in nature. The space will open in line with the Productions performance times (Evenings Monday - Saturday and matinee performances on Tuesdays and Saturdays) and open 90 minutes prior to curtain up, 8 shows a week. The space will seat 20 guests per performance and they will be open to ticket holders for that performance. For evening performances the space will not be open past the venues normal operating hours and when the venue closes, the space will be too. The space will have a dedicated member of staff in it when operating and the venue also has Security as a standard practice.

The venue have has already engaged with Camden Licensing Department regarding advice on extending our license to our outside boundary, and this has been met with positive feedback.

The space is bespoke to the Production which is currently booking from the 10th October 2024 - 15th February 2025. We would very much like to have the temporary structure for as long as the Production is with us who would like to be at the venue for a minimum of a year.

Are there trees or hedges on the proposed development site?
○ Yes⊙ No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? O Yes
⊙ No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.

Details of the pre-application advice received
The pre-application was sent on the 10th May to planning@camden.gov.uk. On Wednesday 15th May Alberto Aponte - Planning Assistant
contact me asking for a payment of £1,217.50 for Minor Development and £1,520.50 for Changes to a listed building. This payment was made
and I have heard nothing from the planning department since. Our request has been logged under 2024/1922/NEW but no officer has been
assigned. I have responded to this email on 13th June to ask if there had been any update with the case, but I have had no response. I have
called the planning department several times but again not been able to speak to an office nor has anyone called me back. I have also already engaged with the licensing department. Steven Dorman visited the venue in April to advice us. In May he provided a report
saying that he had no issue with what the venue was proposing from a licensing point of view.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
