1.0 Introduction

1.1 This design and access statement has been prepared in order to support the Planning Application for the replacement of the existing windows to 205 Belsize Road, London, NW6 4AA.

2.0 Description

2.1 205 Belsize Road is a residential building located in the London Borough of Camden.

2.2 The property features a commercial property to the ground floor with residential above. The external walls are rendered to all elevations, with timber single glazed windows and an inverted London roof.

Photo 1 - Front Elevation

3.0 The Site

3.1 205 Belsize Road is in the Kilburn area of the London Borough of Camden.

Diagram 1 – Planning Map

3.2 The property is not Listed.

3.3 The property is located in the Priory Road Conservation Area.

4.0 Proposal

4.1 The Planning application to which this design and access statement relates is for the replacement of the existing timber single glazed windows with new double glazed timber sash, casement and fixed windows.

4.2 The existing windows are in need of replacement due in part to lack of thermal performance, security, and condition.

Photo 2 – Existing Windows

- 4.3 The proposed new windows will be double-glazed and significantly improve their thermal performance, providing a more comfortable living environment for the residents.

Photo 3 – Proposed Windows

5.0 Design

5.1 The new windows and doors have been designed in order to closely match the existing windows in terms of profile and sight lines whilst also incorporating double glazed units.

6.0 Use

6.1 The properties are domestic dwellings. This proposal does not seek to change the buildings' use.

7.0 Layout

7.1 The layout of the properties will be unaffected by this proposal.

8.0 Amount

8.1 The proposal is to replace all the existing timber framed windows to all elevations.

9.0 Scale

9.1 The proposed works will have no impact on the scale of the existing building.

10.0 Landscaping

10.1 Landscaping will be unaffected by this proposal.

11.0 Appearance

11.1 The appearance and character of the block will be retained by the proposal.

12.0 Access

12.1 The proposed works will not affect or alter the existing access to the property.

13.0 Conclusions

13.1 It is our view that the proposals are sympathetic in nature and will retain/enhance the character of the building by maintaining timber frames and similar frame style, fenestration and profiles.
