Subject: Re: Application ref: 2024/1982/T, dated Date: 20 May 2024

Good morning all,

Regarding the above application, please note that, without any communication, the trees were cut down and removed yesterday.

Apart from the confirmation of receipt, I never received any updates on the case.

I am away on annual annual leave and the pictures forwarded to me by a neighbour have left me in shock.

The trees were cut down on the excuse that they were 'just dead branches', while the pictures I forwarded to your department a few weeks ago showed that they were healthy, beautiful trees.

I don't understand how this was allowed to happen.
