Dear Ms. Smith

I have learned that you are reconsidering a very significant alteration to the outside area of 2 and a half Rudall Crescent.

As I wrote to you previously, I have very strong objections to this – such a structure would greatly reduce light to my garden, and also adversely alter the skyline.

The green roof proposed would directly overlook my garden and cut out my privacy as well as creating noise if it is to be used for entertaining or other outdoor living. The planting of shrubs and plants on such a green roof would only add to the hazard of cutting out light.

I am deeply concerned at this proposal of over-development which would have a seriously negative effect on neighbours and the general character of Rudall Crescent.

Thank you very much for your attention.

Yours sincerely,
Jenny Macdonald-Hay
