Belgrove House

7.3 Glazing Visual Mockup Side 02

- ① Stainless Steel Spandrel
Option selected for inclusion in facade
- ② Printed facsimile of brickwork at 1:1
- ③ DGU in glu laminated oak fully unitised facade system with external natural anodized T profile capping.
- ④ Natural anodized spandrel
Option discarded in favour of stainless steel
- ⑤ Natural anodized aluminium soffit with joint lines co-ordinated with facade mullions
- ⑥ Natural anodized louvres fixed into glazing system
- ⑦ DGU in glu laminated oak semi unitised facade system with external natural anodized T profile capping.
- ⑧ Solid oak Pull handles to ground floor entrance doors
Developed further on the basis of this mockup to extend to FFL +150mm and be 15mm thicker to prevent unwanted deflection.
- ⑨ Natural anodized kick plate at ground floor landscape interface
