Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted Subject to a Section 106 Legal Agreement

Address:

**Land At 152 Royal College Street
London
NW1 0TA**

Proposal:

Erection of new 3 storey residential dwelling (Class C3) fronting Baynes Street (associated apps 2023/1033/P & 2022/3133/P)

Drawing Nos: 101d_010 rev A, 101d_100 rev D dated 05/04/2024, 101d_110 rev D dated 05/04/2024, 101d_120 rev D dated 05/04/2024, 101d_150 rev E dated 05/04/2024, 101d_200 rev C dated 05/04/2024, 101d_210 rev C dated 05/04/2024, 101d_300 rev F dated 05/04/2024, 101d_310 rev F dated 05/04/2024, 101d_111 rev A, 101d_012 rev A, Design and Access Statement by Henning Stummel Architects, Part M4 Document, Air Quality Assessment dated 17th October 2022, Energy Statement dated July 2023 rev 03, Daylight and Sunlight Report dated December 2022 ref. 2097/D.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and

Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

101d_010 rev A, 101d_100 rev D dated 05/04/2024, 101d_110 rev D dated 05/04/2024, 101d_120 rev D dated 05/04/2024, 101d_150 rev E dated 05/04/2024, 101d_200 rev C dated 05/04/2024, 101d_210 rev C dated 05/04/2024, 101d_300 rev F dated 05/04/2024, 101d_310 rev F dated 05/04/2024, 101d_111 rev A, 101d_012 rev A.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 Detailed drawings, or samples of materials as appropriate, in respect of the following, shall be submitted to and approved in writing by the local planning authority before the relevant part of the work is begun:

a) Details including plans, coloured elevations and sections at 1:20 of all new windows (including jambs, head and cill), ventilation grills, external doors, balustrades, parapets, gates, planters and associated elements;

b) Manufacturer's specification details of all facing materials (to be submitted to the Local Planning Authority) and samples of those materials (to be provided on site). Samples of materials to be provided at a suitable size (eg. 1x1m) and alongside all neighbouring materials;

c) Sample of PV panels demonstrating colour and appearance.

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the Camden Local Plan 2017.

- 4 No lights, meter boxes, flues, vents or pipes, and no telecommunications equipment, alarm boxes, television aerials, satellite dishes or rooftop 'mansafe' rails shall be fixed or installed on the external face of the buildings.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 5 Prior to commencement of development, full details in respect of the living roof in the area indicated on the approved roof plan shall be submitted to and approved by the local planning authority. The details shall include

- i. a detailed scheme of maintenance
- ii. sections at a scale of 1:20 with manufacturers details demonstrating the

construction and materials used
iii. full details of planting species and density

The living roofs shall be fully provided in accordance with the approved details prior to first occupation and thereafter retained and maintained in accordance with the approved scheme.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies G1, CC1, CC2, CC3, D1, D2 and A3 of the London Borough of Camden Local Plan 2017.

- 6 The development hereby approved shall achieve a maximum internal water use of 105litres/person/day. The dwelling shall not be occupied until the Building Regulation optional requirement has been complied with.

Reason: To ensure the development contributes to minimising the need for further water infrastructure in an area of water stress in accordance with Policies CC1, CC2, CC3 of the London Borough of Camden Local Plan 2017.

- 7 Prior to commencement of development (excluding site preparation works) on site, full details of the mechanical ventilation including air inlet locations and filters shall be submitted to and approved by the local planning authority in writing. Air inlet locations should be located away from busy roads and other relevant sources of emissions and as close to roof level as possible, to protect internal air quality. The development shall thereafter be constructed and maintained in accordance with the approved details.

Reason: To protect the amenity of residents in accordance with London Plan policy 7.14. To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policies TC1, A1 and A4 of the Camden Local Plan 2017.

- 8 Prior to first use of the air source heat pump hereby approved, the active cooling function shall be disabled on the factory setting and the air source heat pump shall be used for the purposes of heating only.

Reason: To ensure the proposal is energy efficient and sustainable in accordance with policy CC2 of the London Borough of Camden Local Plan 2017.

- 9 All external doorways, except for fire doors or for access to utilities, should not open outwards towards the public highway/footway/courtyard spaces. The proposed doors must either open inwards or have a sliding door so they do not restrict the flow of pedestrians or risk being opened onto those passing by.

Reason: In order to enhance the free flow of pedestrian movement and promote highway safety and amenity in accordance with policies D1 and T1 of the Camden Local Plan 2017.

- 10 Prior to occupation of the development, the cycle storage area providing space for two bicycles shall be provided in its entirety prior to the first occupation of

the development, and permanently retained thereafter.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of policy T1 of the Camden Local Plan 2017.

- 11 No piling shall take place until a Piling Method Statement (detailing the depth and type of piling to be undertaken and the methodology by which such piling will be carried out, including measures to prevent and minimise the potential for damage to subsurface sewerage infrastructure, and the programme for the works) has been submitted to and approved in writing by the local planning authority in consultation with Thames Water. Any piling must be undertaken in accordance with the terms of the approved piling method statement.â€

Reason: To safeguard existing below ground public utility infrastructure and controlled waters in accordance with the requirements of policies CC1, CC2 and CC3 of the Camden Local Plan 2017.

- 12 All windows to the side elevation shall be non-openable below 1.7m above ground level and fitted with obscured glazing prior to occupation and permanently retained as such.

Reason: To prevent unreasonable overlooking between neighbouring occupants in accordance with the requirements of policy A1 of the Camden Local Plan 2017.

- 13 The development hereby approved shall be constructed in accordance with the approved Energy & Sustainability statement titled Planning Stage Report on Energy Statement by P3R Engineers Ltd revision 03 dated July 2023 to achieve a 33.26% reduction in carbon dioxide emissions beyond Part L 2013 Building Regulations in line with the energy hierarchy.

Reason: To ensure the development contributes to minimising the effects of, and can adapt to a changing climate in accordance with policies CC1 and CC2 of the London Borough of Camden Local Plan 2017.

- 14 Notwithstanding what is shown on elevation drawings 101d_300 rev F dated 05/04/2024 and 101d_310 rev F dated 05/04/2024, this permission grants consent only for the end plot as demarked on site location plan ref. 101d_010 rev A.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 2 This proposal may be liable for the Mayor of London's Community Infrastructure Levy (CIL) and the Camden CIL. Both CILs are collected by Camden Council after a liable scheme has started, and could be subject to surcharges for failure to assume liability or submit a commencement notice PRIOR to commencement. We issue formal CIL liability notices setting out how much you may have to pay once a liable party has been established. CIL payments will be subject to indexation in line with construction costs index. You can visit our planning website at www.camden.gov.uk/cil for more information, including guidance on your liability, charges, how to pay and who to contact for more advice. Camden adopted new CIL rates in October 2020 which can be viewed at the above link.
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 Your proposals may be subject to control under the Party Wall etc Act 1996 which covers party wall matters, boundary walls and excavations near neighbouring buildings. You are advised to consult a suitably qualified and experienced Building Engineer.
- 5 If a revision to the postal address becomes necessary as a result of this development, application under Part 2 of the London Building Acts (Amendment) Act 1939 should be made to the Camden Contact Centre on Tel: 020 7974 4444 or Environment Department (Street Naming & Numbering) Camden Town Hall, Argyle Street, WC1H 8EQ.
- 6 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, Sites Team, Camden Town Hall, Argyle Street, WC1H 8EQ.
- 7 The correct street number or number and name must be displayed permanently on the premises in accordance with regulations made under Section 12 of the London Building (Amendments) Act 1939.
- 8 You are reminded of the need to provide adequate space for internal and external storage for waste and recyclables. For further information contact Council's Environment Services (Waste) on 020 7974 6914/5 or see the website <http://www.camden.gov.uk/ccm/content/environment/waste-and-recycling/twocolumn/new-recycling-rubbish-and-reuse-guide.en>.

- 9 You are reminded that this decision only grants permission for permanent residential accommodation (Class C3). Any alternative use of the residential units for temporary accommodation, i.e. for periods of less than 90 days for tourist or short term lets etc, would constitute a material change of use and would require a further grant of planning permission.
- 10 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

11 Thames Water

Management of surface water from new developments should follow Policy SI 13 Sustainable drainage of the London Plan 2021. Where the developer proposes to discharge to a public sewer, prior approval from Thames Water Developer Services will be required.

A Groundwater Risk Management Permit from Thames Water will be required for discharging groundwater into a public sewer. Any discharge made without a permit is deemed illegal and may result in prosecution under the provisions of the Water Industry Act 1991. We would expect the developer to demonstrate what measures he will undertake to minimise groundwater discharges into the public sewer. Permit enquiries should be directed to Thames Water's Risk Management Team by telephoning 020 3577 9483 or by emailing trade.effluent@thameswater.co.uk. Application forms should be completed on line via www.thameswater.co.uk.

If you are planning on using mains water for construction purposes, it's important you let Thames Water know before you start using it, to avoid potential fines for improper usage. More information and how to apply can be found online at thameswater.co.uk/buildingwater.

Thames Water will aim to provide customers with a minimum pressure of 10m head (approx 1 bar) and a flow rate of 9 litres/minute at the point where it leaves Thames Waters pipes. The developer should take account of this minimum pressure in the design of the proposed development.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully

A handwritten signature in black ink, appearing to read 'DPope', is positioned above the printed name and title.
