2024/2495/P	Justin Zachan	05/07/2024 12:31:38	OBJ	<p>This is a blatant disregard for the planning rules and the submitted plans. It sets a precedent that people can ignore the submitted plans and get away with it.</p> <p>What has been built is clearly incorrect and does not match the buildings on either side. This has a large impact on privacy and light. The council should enforce the correct plans and require the owner to remedy it. It was there was mistake, deliberate or otherwise.</p> <p>We worked with the neighbour in good faith and readily helped the build process and it is frustrating that this good faith was ignored.</p>
