

Heathlodge, Heathside NW3 1BL

T1: Robinia

T2: Mulberry

T1: Robinia (14m): Fell due to bifurcation and fused branches, tree 4m from building. Due to the trees location and the bifurcation, the tree needs repeated reduction work which is resulting in an unsightly tree and the client wishes to fell and re-plant with a more suitable species. Client wishes to plant an Acer Campestre with a height of 3m-4m.

T2: Mulberry (8m): Pollard to 6m removing 2m of growth to reduce risk of failure due to lean over driveway
