2024/2695/P	Luciano Giovannetti	16/07/2024 16:44:22	OBJ	I occupy the top floor flat at 61 Parliament Hill. I strongly object to the application as it will permanently block the view of the London skyline for me, my wife, as well as future occupants. It is an inappropriate development within the conservation area, and it goes against the spirit of neighbourliness.
