2024/2243/P	Jon Therkluson	20/07/2024 16:46:05	OBJ	<p>As the tenant residing in Flat 7 (The Cottage), I fully endorse and support the objections detailed in the submission made by Mr John Zangwill.</p> <p>The proposed extension will have a significant and unacceptable impact on Flat 7. An overbearing and dominating effect, that is extremely detrimental to the existing enjoyment of Flat 7.</p> <p>1. Overlooking, Privacy & Outlook: The proposed habitable space with glass walls directly overlooks the private rear patio and master bedroom of Flat 7, at a distance of 0 and 4 meters respectively, and would result in an intrusive and unacceptable loss of privacy.</p> <p>2. Daylight: The development will result in a significant loss of visible skylight and daylight for and shadowing across the rear garden, rear private patio and master bedroom of Flat 7. The loss of daylight for the rear private patio and master bedroom will be 50% of that which Flat 7 currently enjoys.</p> <p>3. Sunlight: The development will result in the total loss of seasonal high-summer sunshine for the private rear patio and master bedroom of Flat 7.</p>
