2024/2528/P	Marcy Doane	23/07/2024 14:11:05	OBJ	I would like to object to the extension at 141 Goldhurst Terrace on the grounds that scale and depth is too large for this section of Goldhurst Terrace. Other extensions along this area are not as large and would look out of place and be seen by many properties. It would be visually obtrusive and overbearing addition which would block the light for 139 Goldhurst for the lower ground floor and harm the outlook for both 139 and 143 lower ground floor. My other concern is the amount of water which would now fall on a hard surface area (roof) instead of a permable garden increasing the risk of flooding for other properties in the area. This area has flooded in 1974, 2002 and 2021.
