| 2024/2742/T | Tadas Khazanavicius | 23/07/2024 11:05:26 | COMMNT | The community who actually live in the area have made their views on this case resoundingly clear again and again - do not fell the trees. For Camden to proceed would be entirely undemocratic and of no benefit to anyone who actually resides here. The benefits of maintaining these valuable trees have been articulated clearly countless times by actual residents. The Egypt Exploration Society, on the other hand, continues to be unwilling to find a solution which doesn't adversely affect the people who call this area home. |
