Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

- ☐ The use began more than 10 years before the date of this application
- ☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application
- ☐ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- ☐ The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- ☐ The use as a single dwelling house began more than four years before the date of this application
- ☒ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

If the certificate is sought on 'Other' grounds please give details

While the planning permission was granted for the subdivision of No.13 Daleham Gardens into two flats in 1962, the evidence indicates that this permission was never implemented and thus a change of use never occurred. On this basis, it is argued that the lawful existing use of the building is a single dwelling house.

Notwithstanding the above, the available evidence indicates that the property has been used as a single dwelling for a period in excess of 4 years prior to the date of this application.

Nevertheless, if the property was historically subdivided into two residential units, it is argued that the amalgamation of these units into a single dwelling would not have constituted a material change of use and thus was lawful without requiring planning permission in any event.

Please see the submitted Covering Letter by SM Planning for more details.
