Subject: Re planning application 2022/0419/t

Dear Sir / Madam

I am writing to object to the planning consent granted to fell the 200 year old plane tree, which should have been protected by its TPO.

I live nearby in John's Mews and feel very lucky to be able to enjoy a daily view of such a majestic tree. Please could you explain why the planning was granted and if there is anything else I can do to challenge the decisions.

Pretty grim that the tree has flourished for 200 years and is now under threat.

Best wishes

Jo Bostock
