Camden Council – Parking in Heritage Lane.

I read your comments about our Companies.

Firstly we have never advertised on line – this is not our type of Business.

Our Hotels have always been given to Councils on Block Book Or leases and we have been in this business for over 30 years And have an excellent name.

Over the years we have dealt with Councils – Westminster – Newham – Lambeth – Brent – Brighton & Hove - Hackney Islington and many others.

Our registered Office is where our Chartered Accountants are And nothing to do with our day to day running of our business Only Accounts at end of each year.

I pointed out in my last letter my daily routine and have no Alternative but to drive to our establishments and you cannot expect me To carry boxes on a train or bus. I would not feel safe especially the Areas I Visit. Every day there is another senseless shooting – knife crime.

All our staff drive to our establishments.

Kind regards
