2024/3100/P	Craig	26/07/2024 12:33:27	OBJ	<p>Objection - I cannot understand the creation of residential units at thhis location unless they are intended for air bnb style, short lease, extortionate rent units - which needs to be denied.</p> <p>If they are to be longer lease or for sale units, I can't imagine these being affordable to any but the elite.</p> <p>To add to this, the destruction of what little is left of high street shopping and the creation of residential units within a very loud and vibrant nighttime community seems crazy!</p> <p>This would obviously create security issues as well as generating noise compliants from whoever ends up living here.</p> <p>This has nothing to do with plans to create new affordable housing so is obviously only a crass, not thought out, money making scheme, so strong objection!</p>
