## Two Best Friends On A Journey

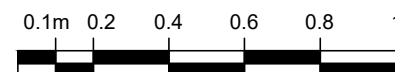

Drury 188-189 is a story of two best friends from east London who decided to leave their 9-5 jobs and dive deep into the world of independent cafes in London; Ali left his Security manager role and Cemal his job in academia lecturing business and economics. Both found themselves creating something special with the space they took on, which used to be a unit that failed twice before. The owners wanted to create a space which defied the fast-paced and monotone cafes in Covent Garden/Holborn, we wanted our space to be different, and we wanted our amazing customer to feel a sense of disconnection from the real world and breathe, hence why we built our café without wifi and offering books instead

hey, Look up.....
