

Objection: 2024/1776/A - 10 Charlotte St W1T 2LT

Dear Planning/Fast Track,

Having checked the documents now available on line, the BCAAC maintains its objection to this application at this stage. There is a lot more happening to this building than the display of 1 externally illuminated sign. There is an awning planned, planters, various changes in the colour scheme & also multi- coloured tiles suggested for what looks like the light well. The BCAAC will discuss this application at its next meeting which should be early next week.

Objection: 2024/1776/A - 10 Charlotte St W1T 2LT - No Documents

Dear Camden,

The BCAAC must object to the above application to display a externally illuminated fascia sign as there are no public documents. The BCAAC cannot ascertain the accuracy or in fact the scope of the intention because of this.
