2024/0993/P	Alan Burrow	04/08/2024 01:10:05	OBJNOT	I strongly oppose the proposed redevelopment of the former Saville Theatre, Yoo Capital has lied to the public with its initial plan. The plans reveal that the basement of Odeon Covent Garden will be converted into a theatre, while the foyer and upper floors will become a hotel with an additional build being constructed on the original structure so looking at this the building isn't becoming a theatre but its main income being a hotel. I am totally against this becoming a hotel, the current situation of Odeon is much more favourable, they leave the building at around 10-11 pm and there is no continued noise pollution. With a hotel, it is a different story there will be people making noise 24/7 in a residential area behind the building and attracting drunks on a night out, London and particularly central has a horrendous amount of hotels. There is also a strong possibility that the extra building could block crucial sunlight that is necessary for the garden behind the building. I dont want this to happen neither do the other 100s of people who have commented. I has NO to YOOCAPITAL

2024/0993/P	Allen White	03/08/2024 20:54:00	COMMNT	The new plans to build a theatre are an absolute lie, the landlords have been trying to turn the building for about 10 years. WE DO NOT WANT A HOTEL IN THE AREA. They have given little back to the community and are planning on building an additional hotel which will block sunlight reaching the plants killing bees and other planet life. YO CAPITAL have given very little care about their neighbours in the area. If this continues protests will happen and Greenpeace will be contacted in for support which is currently in the process.
