Dear Madam/Sir,

Discharge of Conditions – Planning Approval References 2023/3757/P (Retrospective)

Further to telephone discussions with the previous Case Officer, Mr. Matthew Dempsey, we write to discharge condition 6 of the captioned approval.

A post-completion noise report is appended, showing the installation is within the prescribed noise limits. The report makes mention of missing anti-vibration dampers *at the time of the noise report being carried out*. These dampers were since installed and photos of the installation are also appended to this application.

Yours faithfully,
