**From:**  
THE HEATH & HAMPSTEAD SOCIETY

We realise that this objection is one day late and hope that you can accept it.

We have read the many objections to this application and agree with them all.

In particular we consider the new pitched roof, at a steeper pitch than any of the other roofs of the area, is totally anomalous in this rather special Conservation Area.

The proposed large roof extension will be visible from the Heath and reduce the visual prominence of the towers.

This proposal will detract from the character of the Conservation Area.  
Please refuse.
