Dear whom this may concern,

Letter of support for Chalton Street Lighting Project

I am writing to support Euston Town BID's project to install creative lighting along Chalton Street and am happy to host a projector. As a business owner on Chalton Street, I am thrilled to see a new art installation that will uplift our area and enhance the nighttime atmosphere.

This project is a wonderful opportunity to celebrate the hidden gem that is our part of Euston with many small independent businesses. By highlighting the character and charm of our neighbourhood, the installation will attract more visitors and foster a greater sense of community pride.

Kind Regards
