

SCALE: TO FIT
NOTE - REMOTE DRIVER REQUIRED, REFER TO NOTES

Detail 1: Shadow gap

Detail 2: Inside cabinet

Detail 3: Coffered straight

Detail 4: Cabinet

Detail 5: LED front of shelf flush (Bottom)

Detail 6: Joinery under sink/vanity

Detail 7: Skylight

Detail 8: Shower niche

- Notes
1. Do not scale or dimension from this drawing. In case of query refer to LDS
 2. All dimensions shown in millimeters unless noted otherwise
 3. For design intent only. Not for construction unless otherwise stated.
 4. This drawing remains copyright and property of Lighting Design Studio and should not be copied, communicated or disclosed, without prior written permission.
 5. Drawing should be read in conjunction with other drawings and luminaire schedule.
 6. Lines connecting fittings indicate control channels only. These are not wiring layouts.
 7. Lengths and driver types indicative, based on assumed loadings. These must be checked on site against finished details prior to order.
 8. All drivers and transformers must be located in a dry, accessible, well ventilated location in line with requirements set-out by manufacturers.
 9. All drivers and transformers must be located within maximum distances set-out by manufacturers. Cable size and type to be determined on site to account for voltage drop.
 10. PIR & switch locations to be confirmed by contractor on site.
