2024/3045/P	John lucas	12/08/2024 21:02:20	APP	<p>We strongly object to this planning application for the following reasons: The image of our terraced houses will be adversely affected by a single storey upward floor extension. We are both senior citizens and live next door to the proposed works sharing a party wall and expect severe disruption caused by noise, dust and endless pollution for a lengthy period of time both to our physical and mental health. I have cardiac disease and my wife suffers from COPD and bronchiectasis. Hopefully, these comments will be considered seriously when looking into tthe application.</p>
