Application Address		Authorised Officer Signature	
28 Dartmouth Park Road London NW5 1SX			
Conservation Area		Relevant article 4	
Dartmouth Park Conservation Area		None relevant	
Proposal			
Conversion of two flats into one residential unit			
Recommendation:	Grant Lawful Development Certificate		

1.0 Site Description

- 1.1 The host property is a three storey building, accommodating a one bedroom flat at the ground floor, and a five bedroom flat over the ground, first and third floors.
- 1.2 The building is not listed but is located in the Dartmouth Park Conservation Area and identified in the Conservation Area Appraisal as a positive contributor.

2.0 Proposal

- 2.1 A Certificate of Lawfulness is sought for the proposed amalgamation of the ground floor flat and first, second and third floor maisonette, into 1 single residential unit, resulting in a net loss of 1 residential unit from the building. A staircase would be formed internally between the ground floor and first floors. The kitchen at the ground floor would remain, as would the separate external access to this floor.
- 2.2 No external changes are proposed.
- 2.3 The applicant seeks to confirm that the alterations would not constitute development, and so planning permission is not required under section 55 of the Town and Country Planning Act 1990.
- 2.4 In support of the application, the applicant has submitted existing and proposed plans of the ground, first, second and third floors.

3.0 History

- 3.1 At the application site:

- **TP/25126/7651** - The conversion of the ground and first floors at No. 9, Compayne

Gardens, Hampstead, into three self-contained flats. **Granted 25/09/1953**

- **2007/4574/P** - Change of use of top maisonette (2nd and 3rd floor) and 1st floor flat to form an enlarged maisonette. **Granted 08/11/2007**
- **2015/2352/P** - Single storey rear extension. **Granted 13/10/2015**

3.2 Related planning history (other sites in Camden):

4.0 Assessment

4.1 The Town & Country Planning Act 1990, Section 55 states that “the use as two or more separate dwelling houses of any building previously used as a single dwelling house involve a material change in the use of the building and of each part of it which is so used”. However, the legislation does not comment on whether combining two dwellings into one would constitute development. In this case the proposal is to merge two residential units in the building. This would mean it goes from 2 units to 1 units in this property, resulting in a net loss of 1 unit.

4.2 Whether loss of an existing use has material planning consequences, even with no amenity or environmental impact, is relevant to considering whether that change is a material change of use. Policy can be a material consideration in this assessment (although not determinative).

4.3 Camden Local Plan policy H1 seeks to maximise housing supply, but policy H3 resists the loss of residential floorspace, and resisting the net loss of two or more homes (from individual or cumulative proposals).

4.4 There would be no loss of residential floorspace, and only loss of a single unit. There has been no other net loss of residential unit numbers in the building in the last 10 years. In this context, the proposal would not materially impact the Borough’s housing stock, nor the ability of the Council to meet its increased housing targets. The building would remain in residential use.

4.5 There would be no material alteration to the external appearance of the building are proposed. The de-intensification of the units from two to one would have no material impact of neighbour amenity, environment, or infrastructure.

4.6 The works are not considered to fall within the “meaning of development” requiring planning permission of section 55(2)(f) as defined by the Town and Country Planning Act 1990.

4.7 Relevant to this determination is the appeal case reference;

APP/X5210/X/17/3172201 (2 & 3 Wildwood Grove; ref: 2016/5621/P) in Camden, which was allowed on 15/01/2018 for the conversion of two residential dwellings into one. In the assessment, the Inspector considered that the amalgamation of two dwellings into one would not be a material change of use and therefore would not constitute development.

5.0 Conclusion

5.1 The works for this application would not constitute development as defined by section 55 of the Town & Country Planning Act 1990, and therefore would not require planning permission.

5.2 Grant Certificate of Proposed Lawful Development.
