July 2024/Monitoring Basement Construction Works

MHA Structural Design Ltd (MHA) has been appointed in accordance with ACE Professional Services Agreement 2017 to monitor critical elements of both permanent and temporary basement construction works.

MHA is a competent designer possessing the required skills, knowledge, experience and organisational capability to carry out the relevant work and fulfil its duties in accordance with the Building Regulations and the Building Safety Act 2022.

MHA was established in 1998 and has extensive experience of basement construction throughout London and the UK. MHA is civil and structural engineering consultancy employing chartered engineers possessing professional accreditations from The Institution of Structural Engineers (IStructE) and the Institution of Civil Engineers (ICE).
