2024/2918/P	Judith Nasatyr	13/08/2024 10:22:33	OBJ	<p>As a retired educational psychologist it is my view that 62 Belsize Lane is totally unsuitable for use as an educational facility for children.</p> <p>It appears to be an enclosed space with no natural light or opening windows. There is no indication of plans for ventilation nor proposal for air conditioning - where could an air conditioning unit be located?</p> <p>There is no outside space for the children.</p> <p>There is no evidence of a secondary means of escape.</p> <p>The site is inappropriate for the proposed use as there are health and safety issues as outlined above.</p>
