

For attention of the planning officer HENRY YEUNG

I would like to bring to your attention my objection to this development this is going back on to a residential estate communal garden for residence of 63 Fitzjohns Avenue this will cause a great deal of disruption and affect our daily lives. We will not be able to use the communal garden to sit in children also play in the garden refuse will not be able to be collected as lorries will be blocking the road it is bad enough with the development further down the road. This happens on a regular occurrence along with the school run and local traffic will cause nothing but noise, disturbance and noise pollution we will not be able to open our windows, along with dust also our view will obstructed with a new property overlooking our garden. I find This to be unacceptable. it is going to affect our daily lifes. this has not been considered by Camden Council and I would like to object. I think you should give the residents tenants pat number 63 Fitzjohn's Avenue more details of what exactly the proposals are. And A complete schedule of works with a timeframe please can I suggest you write to the tenants resident of 63 Fitzjohns Avenue beforehand

Thank you

Danny o'Kane
