

Notes

1. New insulated barrel vaulted and dome form metal roof to replace existing conservatory glazed extension at 2F level. Consider prefabrication in 1 / 2no. sections to be lifted into position via hoist.
2. Replacement bay structure, existing piers to be removed and replaced with structural frame formed in RHS steelwork and tied into the masonry on each remaining pier. Full height, small pane glazing to be fitted as shown with new reconstituted stone cill at the base.
3. Existing walls to be repointed where necessary and repainted as existing.
4. Existing openings bricked in in brickwork and bonding to match existing walls.
5. Existing parapets to be checked and repointed / repaired as may be required. Code 6 leadwork coping to be fitted to main roof parapets.
