However, on returning home on 19 August , I can see that the tree has already been cut.....surely nothing should happen till the end of the consultation period?
2024/3483/T	Charles Reekie	20/08/2024 14:46:48	APP	It seems excessive and a somewhat lazy solution to remove the whole tree to ground level just to put scaffolding in place for 3 months. Surely it could be trimmed back enough to allow the scaffolding to be erected without removing the whole tree? It forms the useful function of blocking the view of the ugly HS2 offices in the Vehicle Holding Area - removing the whole tree would prevent it growing back again.
