**Dear Sirs,**

**I support the re-development of the Frognal Lane Garages.**

**I haven't seen the new design, apparently it will be new homes to be built.**

**I will support more the idea of the space to be used to build something for the local community, like a affordable homes, or community hall or al least be used for parking for the nearby residents.**

**Anything will be an improvement on the existing garages.**

**My post code is: NW2**
