About your observations

When making your observations please consider the impact the proposals will have on the character and appearance of the conservation area. This will usually be related to physical changes but can include use of buildings. The character and appearance of the conservation area is set out in the conservation area statement it may be useful to refer to it to support your comments.

Please choose one

Objection

Do you have any comments or consider that the proposal is harmful to or does not preserve the character and appearance of the conservation area?

Objection

The proposed outbuilding should not "allow occasional overnight use by visiting friends and family", since this might cause a nuisance to the neighbours.

It could be reduced in size if the wc was omitted.

The extent of the glazing could give a problem of light pollution.

David Thomas

Chair
